1. The cathedrals of Europe will be a base for you, the cathedrals of Latin and South America, New Zealand, Australia, and most of My cathedrals on many parts of My land, My land, My lands that cry out to Me for freedom and release—the cathedrals of My body who want so much to soar with Me. I love you.

2. Orthodoxy opens to you, for you open to it, and its people of centuries past and future, and present intensely. Your love and respect opens many doors for you now—in '04, open, open, open to you. Walk through them and shrink not back, and let Me see, let them see, let all see, what devoted devotion I have wrought in you, and am bringing forth in My army large—complete—matured by Me.

3. In 2004 many changes—cataclysmic changes of receivers and rejecters, of freedomizers and controllers, of little and big, of big and little, of those focused in Me and those not of Me.

4. Many lines drawn—not in sand, but in concrete and stone. But I am Me and I am erasing many lines as I mature My body directly at My knee—your message Ted—your message across all orthodoxy and cathedrals great and small, and individual.

5. '04 reigns in change as change supreme reigns in terror for some, and peace in many—Mine—who will choose Me and let Me issue My commands and instructions and words of peace to My body.

6. Completing I am My body—who will come—Joel 2, Isaiah 61, and Ted, 1st John, 2nd John, 3rd John, and Ted, so much more; the New and Living Covenant—Hebrews—

You're on to like a June bug. You're in it, you're enmeshing yourself in it, in it, in IT, in Me, and Ted, so grateful, so refreshing—I am—it is, that you are there, there, about to explode it, Me, and more, and so much more, to My body, to mature, mature, and complete be—and walk in leadership, leadership, leadership.

7. The propellers versus the constrictors will take sides as they ponder the meaning of explanations so vividly colorful with hues of splendor and power, exerting themselves in perfect truth of Me revealed, to My Mine, My body, My cathedrals of individuals I died for and now arise in power. In that day—that, today—is that day.

8. Oh Ted, your inquisitiveness is wonderful, and your ponderings and questions, and insistence that I have answers for you, is refreshing, refreshing, refreshing, so refreshing.

9. Refresh My body by bringing them to Me and let Me refresh them as they refresh Me in their persistent inquiry of My revelations deep which I yearn to delve into in detail, with My devoted disciples who desire Me enough to direct consistent energy and focus upon Me, and time with Me, to allow Me to transform them into My likeness displayed—living—a living display of My value system, and love—honored and respected, powerful, consecrated, meek.

10. Oh Ted, oh writers to be, writers writing and sharing and displaying My revealings of Myself to you—write and write forth, and be powered by Me in our relationship together.

11. Call Ted, call—call for convocations in cathedrals of My body to write My words and maturity seek—of Me, by Me, for Me, for them—convocations, consecration, concretizing My principles and precepts into the domains of their thinking and acting I am, I will, I promise. I deliver. My word is good.

Cathedrals of convocations in uniting of purpose, focusing on Me and freedom galore, to galaxy-ize My global ones who only so little experience now.

14. Not hidden any longer—a new day, a new day, a new paradigm of personal relationship with My purified ones who purposefully focus on prescribing to Me not, but come to Me in humility and meekness and Me empowering My meekness in them.

15. Oh power, oh grace, oh masterful are My master disciples who will free My disciples manifold-ly, isolating none but freeing all, all—all close, all afar, all on staff, in staff, above, below, around, in and near—freedom, freedomized, and set free.

23. Schools, schools, schools Ted? You ask, you ponder, you know, you seek, you await. I arise and I ask and I seek those who will help Me in My quest to deliver delivery systems not of your design, but of Mine, and I call forth today the initiative in those who will step forward **in creating My universities for Me—allowing Me to teach**, respect, listen, honor, and mature My students—followership-leadership unprecedented.
